VALLEY CITY STATE UNIVERSITY
CAREER AND TECHNICAL EDUCATION BACCALAUREATE DEGREE
2004-2006

COMPOSITE MAJOR
CAREER AND TECHNICAL EDUCATION
(B.S.)

Required General Education Courses

MATH 102 Intermediate Algebra

Required Courses **13 hours**

BVED 431	History, Philosophy and Practices of Career and Technical Education
BVED 432	Coordinating Cooperative Education Learning
BVED 434	Managing Career and Technical Student Organizations
BVED 437	Student performance Evaluation in Career and Technical Education
BVED 438	Developing and Managing Competency Based Instructional Materials
BVED 490	Methods for Teaching Career and Technical Education Subjects

Technical Specialty **36-50 hours**

Students who have successfully completed a North Dakota Department of Career and Technical Education approved post-secondary program in their area of technical specialty from area career and technical institutions, or possess an associate of applied science degree or its equivalent, are eligible for technical specialty credits.

Students who meet work experience requirements but have not completed an approved Trade, Industry, Technical, and Health Education program may apply for Technical Specialty Life Experience Credits through The Prior Learning Assessment Program.

Electives **21-35 hours**

Students seeking Trade, Industry, Technical and Health (TITH) certification/credentialing from the North Dakota Department of Career and Technical Education (CTE) must successfully complete EDUC 205 Introduction to Teaching (Secondary) and EDUC 492 Clinical Practice for the certification requirement.

Students, with the consent of their advisor, should choose appropriate electives to complete 120 semester credits required for the degree.

Students are strongly encouraged to enroll in BUSI/CIS 491 Senior Portfolio.

Digital Portfolio Requirements

Valley City State University has a digital portfolio requirement for all students. "As part of their graduation requirement at VCSU, all students must develop a digital portfolio that illustrates the best evidence of meeting the abilities and skills requirements for their degree." Contact your advisor for information. Information provided by the University Bulletin (www.vcsu.edu).
